A TRAMPOLINE BREAK...

Martin had a weekend. He went to a reception, then a press dinner followed by a couple of hours around the organ at Dallas Press Club where he sang a couple of solos. That was Friday. He saw the President twice during the day, once during the State Fair parade and once at the State Fair's official opening noon Saturday. The President was introduced by Gov. Dolph Briscoe. Then he saw the road show of "Shenandoah," starring tenor John Raitt, who later autographed Martin's program in State Fair Music Hall lobby. The show won New York's "Tony Award" in 1975.

The important thing in the afternoon was not that Martin didn't see the OU-Texas standoff at 6-6. It may have been he kicked a soccer ball first time through a target put up by the Dallas Toronado. He won a soccer magazine.

Then he went home and slept the long-night through Saturday, having tried a less-than-modest taste of stuff to eat.

Sunday, he saw the "Bad News Bears" and watched people go up and down the "Chuteout" at Six Flags.

Then he met the Swiss ambassador at a reception at Pate Museum south of Fort Worth Sunday evening. Ambassador Probst asked him "if he wanted to be President." Martin said little in response, but said he goes to school in Central Texas. At 14, he may find receptions stuffy.

All the people and cars coming and going may not have been enough, because Martin found a trampoline, among other kids who found the fete inactive for the early teens.

Martin tried the trampoline outside, twice. He likes the museum of various modes and heroes of transportation.

He also has a picture of himself, printed out by computer, a U of T hat, a Dallas Cowboy pennant, two skulls for his Halloween extravaganza at month's end, and a bale of stuff about Switzerland.

Me? I drove. And I tried everything except the trampoline. Martin watching is tiring.

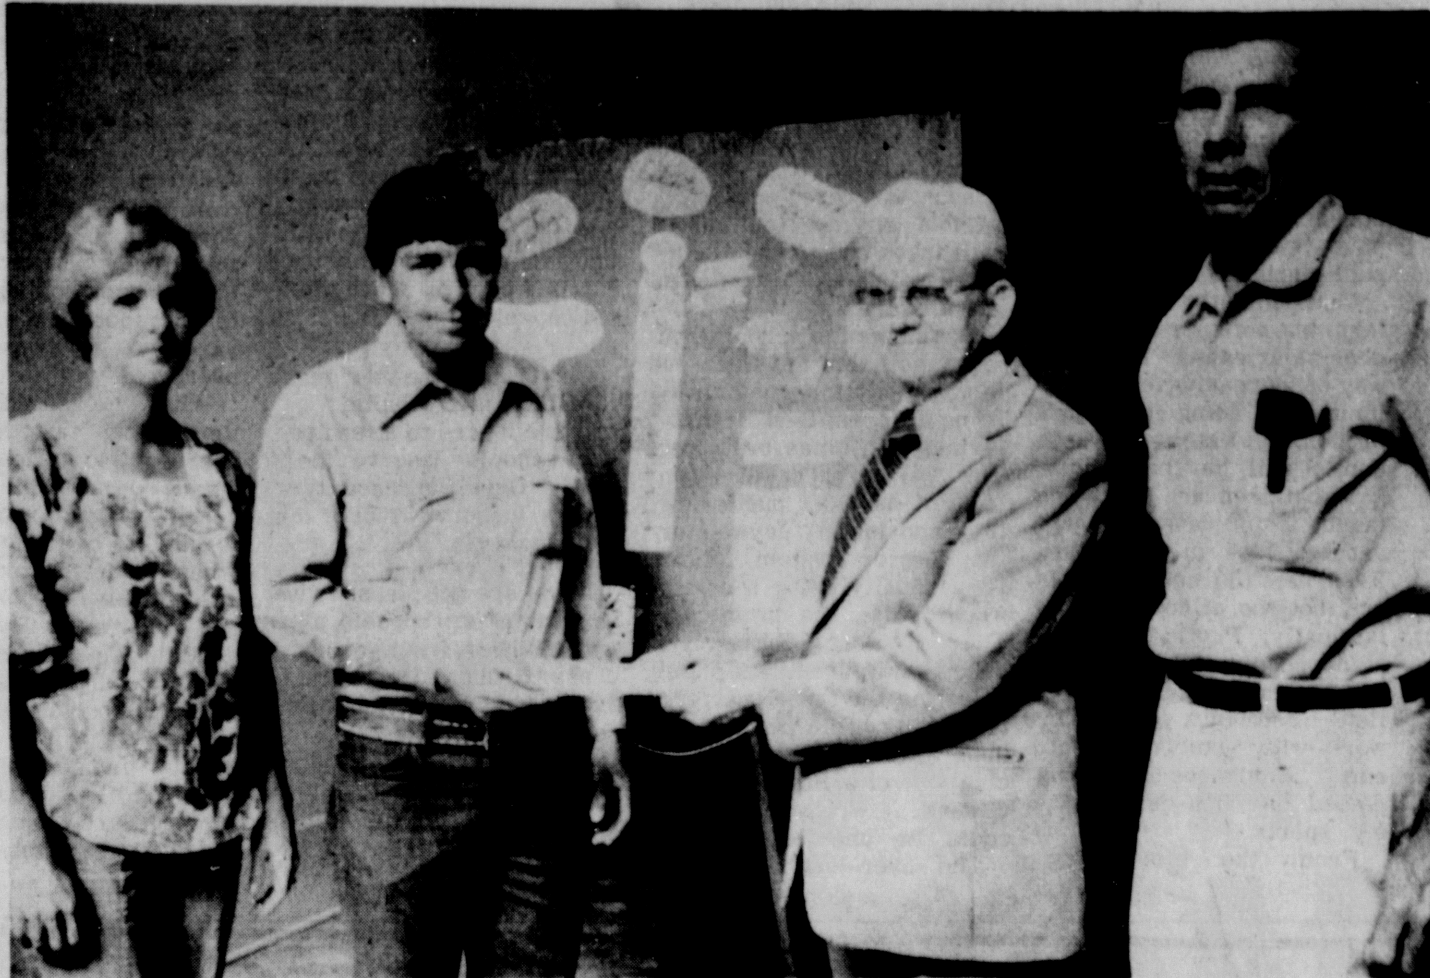

MARK WHITE

White To Speak To Rotarians At Rockdale

Texas Secretary of State Mark White will address the Rockdale Rotary Club at its regular weekly meeting at noon on Tuesday, October 19, at the New Salem Home Demonstration Clubhouse in Rockdale Fair Park. White will be introduced by Fred P. Bergeron, Alcoa's Texas area manager.

Approximately 50 people from Milam county including State Rep. Dan Kubiak and local and county governmental leaders, are expected to hear the state's chief election officer, according to Rotary Club president Fred Johnson.

White, 36, has served as secretary of state since his appointment in January, 1973, by Governor Dolph Briscoe. In addition to his duties for the State of Texas, White serves as secretary for the National Association of Secretaries of State and was recently selected "lawyer of the year" by the Baylor University law fraternity, Phi Alpha Delta.

FUND DRIVE for the Milam County youth exposition building receives a big boost as a check for \$3,000 is presented by Clifford Whiteley, second from left, to A. W. McCullin while Mrs. Clifford Whiteley and Farm Bureau President H. M. Yager look on. The money came from a tractor pull put on by the

Young Farmers and Ranchers sponsored by the Milam County Farm Bureau. The Young Farmers group expressed thanks to the Farm Bureau, the Yoe ag students, and Johnnie Barrett for their co-operation and work on the pull.

Special Meeting Set For Volunteer Ambulance Group

The Cameron Ambulance Service will hold a special meeting on Monday, October 18 at 7:30 p.m. to host Doctor W. H. Kolter, Jr. of Houston, who will speak on trauma.

Dr. Kolter, a Fellow of the American College of Surgeons, is medical member to the City of Houston Ambulance Advisory Board and chairman of the Harris County Medical Society Emergency Medical Service Committee.

He is an active member of the Trauma Committee of the American College of Surgeons. He has worked in an advisory capacity with EMS systems in Los Angeles, Calif., Baltimore, Md., Chicago, Ill., Miami, Fla., and Jacksonville, Fla.

Dr. Kolter, a practicing surgeon in Houston, is a trustee of Memorial Baptist Hospital and a recent president of the medical staff of the Memorial Hospitals System. He is married to the former Mary Neill McClellan of Cameron.

City Eligible For HUD Grant

A. W. McCullin, executive director of the Cameron Community Development Agency, has been notified that Cameron is eligible to receive a grant of \$136,000 from the Department of Housing and Urban Development for the city's third year program.

Cameron is now in the process of preparing an application for these funds. Town hall meetings will be held to advise the citizens and receive their suggestions about the needs of the city.

B'holts Museum To Open Friday

The Buckholts Museum will be open on Friday, Oct. 15 from 1 p.m. until 6 p.m. and it will be open again on Saturday, Nov. 6 from 10 a.m. until 6 p.m.

The museum is located in the former Buckholts State Bank building in downtown Buckholts and the public is invited to come by and visit.

Call 697-6671

Aschenbeck Resigns Tax Collector Post

School board members Monday night heard the school tax assessor-collector read his letter of resignation and expressed regret at losing him.

Theo Aschenbeck read the letter at the close of a 45-minute regular meeting and heard board members express appreciation for "a fine job." He explained that he is going back to school for a degree in nuclear systems technology.

Aschenbeck has been CISD tax assessor-collector for the past five years. When he started the job in 1971, the school tax roll totaled \$264,000 and this year it has grown to \$441,000.

In other business, board reviewed and approved the annual school audit. Only recommendation by auditors was that of increasing the tax collector's bond from \$20,000 to \$50,000. This was tabled.

Trustees also approved a proposed cost of \$1,680 for curb and gutter work on Fannin St. along the side of football field. The work will be done by the city. Supt. Buddy Dulin said he plans to attend a public hearing

by the city to discuss the project.

Also on the agenda was approval of the combining of three bus routes into two routes, saving expense of an extra bus and driver.

Trustees heard from Mrs. Carol Moore on the subject of items which have been stolen from her children at school. Board agreed that there has been a stealing problem for years, but it doesn't seem to be as bad as it was at one time. Supt. Dulin suggested that parents urge their children to be more careful with their belongings.

COUNTY HALTS FLU SHOTS

Dr. E. Douglas Perrin, director of the Milam County Health Department, received word from the Texas Department of Health Resources that all swine flu immunization clinics in Texas are cancelled for the remainder of this week.

The Milam County Health Department will not hold the bivalent vaccine clinic that was scheduled for Friday, Oct. 15. Dr. Perrin said the state health department will issue another directive about the clinics on Monday.

Expo Fund Nears Goal

Contributions and pledges for the Milam County youth exposition building fund now totals \$60,000 -- only \$5,000 short of the \$65,000 goal, according to fund drive officials.

Officials hope to have the buildings ready for the January junior livestock show. Expected soon is the letting of bids for the foundations for the two buildings to be constructed on the vacant lot across from city hall.

One proposed metal building will cover 12,000 square feet and be fully insulated. It will have a concrete floor and overhead ventilation and will house a concession stand, a central office and restrooms.

The second building will have a sand floor for livestock shows during the winter months and will cover 6,000 square feet with pens and bleachers.

The following are persons who have made pledges or donations to the building fund:

Camp Insurance and Real Estate, The New Leaf, Rodham and Wallace Mobil, Mr. and Mrs. John F. Mowley, Sig II Shamrock, Mr. and Mrs. John Henderson, Jr., Milam County Abstract Co., Milam Auto Supply, Welton Henson, Mr. and Mrs. Albert Glaser, Jr., Mr. and Mrs. Sidney Culp, Marek, Burns, Laywell Funeral Home.

Andy Youngs, Wayne Weiser, LeRoy Folschinsky, Evelyn B. Young, Porter Young, Irene Gelner, Dorothy Laffere, Kathleen Heft, Leola Komar, O. B. Harden, Delois J. Obermiller, Ben Milam Savings and Loan.

A. G. Whiteside, Mr. and Mrs. D. R. Dodson, Sid Duderstadt, Fikes Texaco Wholesale, Ellet, Camp and Glaser, John A. Smith, Deluxe Cleaners, Dr. H. R. Sharp, Jr., Leroy Broadus, Arthur Kelly,

Dorsey-Keatts Funeral Home, Mrs. Hat-tie Anderson.

Alvin H. Roberts, Alvin Lynn Roberts, Pete Miller, Pete Smith, Larry Morrow, James Walthall, A. O. Bridges, Don Carr, Bernice Sims, Mary Weber, Roosevelt Whitfield, Lucille Holt.

James Kelly, Rebecca Walton, Mrs. Catherine Willis, Mr. and Mrs. Robert Willis, Mr. and Mrs. Claude C. Wilson, Joe Pagach, Griss Wells, L. W. Turner, Jr., Epperson Electric, Duncum Implement, Earl Griffin, F. B. Jackson.

Jeannine Dohnalik, Kathleen Smith, Jeannine Dohnalik, Kathleen Smith, Mrs. Eugene Glaser, T. G. Raymond, Jr., Mary Yoe, Lena Yoe, Mrs. J. D. Thompson, Gary Beach, Max McClaren, Patricia L. Glenn, Fischer Plumbing, Anton Kopriva, Fannie T. Harris, Vera Claxton, Mrs. Maurice Woytek, Mrs. Harold Soefje, Mrs. Eva White, Eugene Mit-chan, Kenneth Willy, Olena F. Wallace, Lawrence Mueck, Mr. and Mrs. Leon Rieger.

Traffic Mishaps Reported; One Alien Injured

Two traffic accidents were investigated by DPS troopers over the weekend and Cameron police investigated one accident on Saturday night.

A Mexican alien was reported in serious condition at Scott and White Hospital in Temple following a one truck turnover at 9 p.m. Sunday on Farm Road 487 north of Thorndale. Arhondo Alvarado was the injured man and the other alien was identified as Pedro Pado.

DPS Troopers Milton Wright and Scott Douglas investigated the mishap.

William Roney of San Antonio escaped serious injury at 8 p.m. Monday night when his pickup hit a small bridge eight miles west of Rockdale on Highway 79. Trooper Jerry Benson investigated.

Minor injuries were reported to Damon Corona, driver of a car that overturned Saturday night on West 22nd St. He was treated at St. Edward Hospital and released.

Firemen Answer 3 Local Alarms

Cameron volunteer firemen were called out twice Saturday and once early Monday morning but no serious damage was reported for any of the calls.

At 2 a.m. Saturday a barbecue pit behind the Dean Trubee home on Travis caught fire and at 1:15 p.m. Saturday a call came from 507 Gillis when food on a stove caught fire. Then at 4 a.m. Monday firemen were called to the John Schmidt home on 18 St. when a rug caught fire and smoke damage was reported to the home.

A Promising Horizon . . .

At \$60,000, Milam County has demonstrated a willingness, a voluntary pride in the central future of this area.

Several areas are still working, thanks to these volunteers from across the spectrum of people and interests. They find the future of Milam youth at least as important as the condition this area will be left when those youth grow up.

We anticipate the contributions will exceed the \$65,000 plus goal, but the budget is tight indeed to keep with-

in that figure. The ground is donated, a lot of fixtures within the building are bought at surplus prices and most of the planning such as architects fees are absorbed by builders, planners or fundraisers.

It is indeed an historic first for so many Milam-wide projects of the future.

It is none too soon. It is one of the best things that ever happened to this county, other than the people who chose to live here and the forces that shape a promising horizon.

A Groundbreaking . . .

We congratulate membership and leaders of Ben Milam Post 2010 on groundbreaking of the post's new building.

This is another in the continuing development of Cameron and the Milam area.

The building will be almost 5,000 square feet in

size, an addition to various lodge and institution facilities in Cameron.

We understand other building projects are in planning stages in projects of this size.

But for Post 2010, the talking stage ended when the dirt began to fly.

Dateline Austin

Campaign In Full Swing

The general election campaign is in full swing in Texas.

President Ford, his Democratic opponent Jimmy Carter, and Carter's vice presidential running mate, Sen. Walter Mondale, were all Texas visitors during the last week. They will be back, and Mondale and GOP vice presidential nominee Sen. Robert Dole, scheduled their October 15 debate in Houston.

Polls purportedly show Ford closing the gap on Carter, though Democrats claim they are still ahead and plan to stay there with help from all major statewide Democratic officials and organizations in most of the 254 counties.

Former Gov. John Connally is leading the Ford state organization. Gov. Dolph Briscoe is head of Carter's statewide steering committee, while Land Commissioner Bob Armstrong and State Democratic Chairman Calvin Guest are campaign co-chairmen. Doug Lewis and Peter O'Donnell Jr. aid Connally in the Ford Committee's Austin headquarters.

U.S. Sen. Lloyd Bentsen is challenged by U.S. Rep. Alan Steelman, a Dallas Republican, but Steelman has been having serious money problems which he said may keep him from meeting his advertising budget and which already has forced a staff reduction.

Steelman is attacking Bentsen for sponsoring "tax loopholes" which he claims benefitted special interests who contributed substantially to the senator's campaign. He also contends Bentsen ignored his Senate campaign promises to Texans when he was a Democ-

cratic presidential candidate.

Bentsen assails Steelman for absenteeism from the House during his campaign and criticizes the Republican's record on such issues as land use planning legislation.

Democrat Jon Newton and Republican Walter Wendlandt are warming up their Railroad Commission race.

Controversial Democratic State Supreme Court nominee Don Yarbrough has two write-in opponents — Sam Houston of Denton and Tom Lorraine of Houston.

Sale Profitable

The School Land Board's oil and gas lease sale last week brought \$35.3 million to the Permanent School Fund, second highest total in history.

Land Commissioner Bob Armstrong said the average price per acre was \$124.90, a new record.

A total of 373 tracts were leased — or 282,723 acres. Cities Service Company submitted the highest bid — \$3.1 million — on a Gulf of Mexico tract. Next highest bid was from Mesa Petroleum Company, for \$2.53 million. Five bids of more than \$1 million were offered, but two were on the same tract.

Armstrong said interest in the oil and gas leases exceeded expectations and demonstrated that bidders can be attracted while maintaining environmental standards.

Report Sought

House Speaker Bill Clayton called for a full report from the Coordinating Board, Texas College and University System on cost

of off-campus college courses.

Clayton expressed surprise at discovering that 4,000 such courses are being taught at graduate, senior and junior levels and 2,000 at sophomore and freshman levels.

The economy-minded Speaker conceded some off-campus courses may be necessary, but said the programs appear to have "proliferated beyond reason."

"I want the Legislative Budget Board to see if we can't make self-supporting the courses that are taught," said Clayton. "The people who have the courses brought to them should be willing to pay for them."

Clayton said he is conducting a poll of college and university administrators to get advice on how the courses can be funded.

Court Speaks

The U.S. Supreme Court refused to rehear arguments on constitutionality of the Texas death penalty law, but no early executions are anticipated.

Atty. Gen. John Hill said executions will be delayed for six months to two years.

The Supreme Court affirmed the death penalty assessed a 27-year-old man for the killing of a 10-year-old Cuero girl and throwing her body in a river.

Applications for a stay of execution and efforts to launch a new appeal on some basis other than constitutionality of the death penalty are anticipated, said Hill, who defended the state law in the initial appellate process.

Letters TO THE EDITOR

An Open Letter To
Rep. Dan Kubiak
By Charles W. Engel

(Mr. Kubiak represents Falls, Milam, and Williamson Counties. He has a MA degree in education. He is a member of the House Education Committee.)

I cannot agree with Mr. Kubiak's reasons for proposing a "shorter school term to save money" as published in the Rosebud News on Sept. 15. This should be an issue of vital concern to all parents who have children in any Texas public school.

Shortening the school term but not decreasing teacher salaries is a "backdoor" way of increasing teacher salaries for doing less. His proposal is a step backwards; pupils will be the losers.

If children are not being taught in 180 days, they will receive less in 171 days. Even now too many schools are not too effective scholastically. Pupils finish high school not able to read comprehensively, use English effectively, spell, or work with numbers effectively. Emphases are being placed on non-essential, e.g. sports.

From the elementary

grades through the colleges and universities extra hours and many of your tax dollars are spent for remedial English and math courses. When schools fail, the whole nation suffers. Ending scholastic deficiencies should have priority over salary raises.

Giving many teachers extra preparation days is a waste of time and money.

Beginning the school term later because of heat and the Labor Day holiday is poor reasoning. To-day most schools are air conditioned. Many former high school graduates were educated without air conditioning. It still takes concern and dedicated teachers to challenge extra effort.

Beginning the school term after the Labor Day week-end is not a solution. Labor Day is no different than Thanksgiving, Christmas, or Easter. The fall term could begin earlier as most pupils are free and loafing anyway, or the quarter system, which is gradually being adopted, would solve the problem. There would be year-round school with parents and pupils selecting the three quarters to attend. This could save money because of more efficient use of buildings and facilities. Private schools could be another answer. The over-emphasis of

sports is another factor. Grade school pupils play almost as many games of football and basketball as high school students. Other junior-high sports are as time consuming and expensive because of busing and personnel whose time is more valuable in the classroom. Also extreme competitiveness and excessive emotionalism can be harmful at this immature age. Since more schools are now of a larger size, intramural sports involving all pupils would be less discriminatory, more economical, as physically valuable, and less mentally and emotionally exhausting. Pupils would be more alert and capable of learning.

Our youth are our most valuable asset. Pupils who are forced to attend public schools deserve the best. Over-burdened taxpayers deserve more for their money.

If you are not pleased with Mr. Kubiak's proposals, please let him hear from you. Address: House of Representatives, Austin or Rockdale, Texas.

OLD PHILOSOPHER

Dear editor:

It looks like man can perfect nearly everything except himself.

As I understand it, Xerox has perfected a color copier. It's an amazing machine. For example you could feed say a reserved seat football ticket into it and an exact duplicate will emerge, so naturally no ticket taker in the rush as the stadium gate can tell it from the original. Scalpers are going to go wild over it, and you can see what sort of mob riot is going to take place when 50 people turn up each holding a ticket to just one seat on the 50 yard line. Be worse than an average day in Beirut.

What's worse than this is the report that scientists are about to perfect a laser beam so powerful it can reach out and vaporize an in-coming ballistic missile. When the beam hits, the missile simply goes to pieces and evaporates. By building a shield of laser beams around itself, a country could be safe from the horrible doom of an atomic attack.

This brings up another problem. As I understand it, there are enough atomic and hydrogen bombs on hand

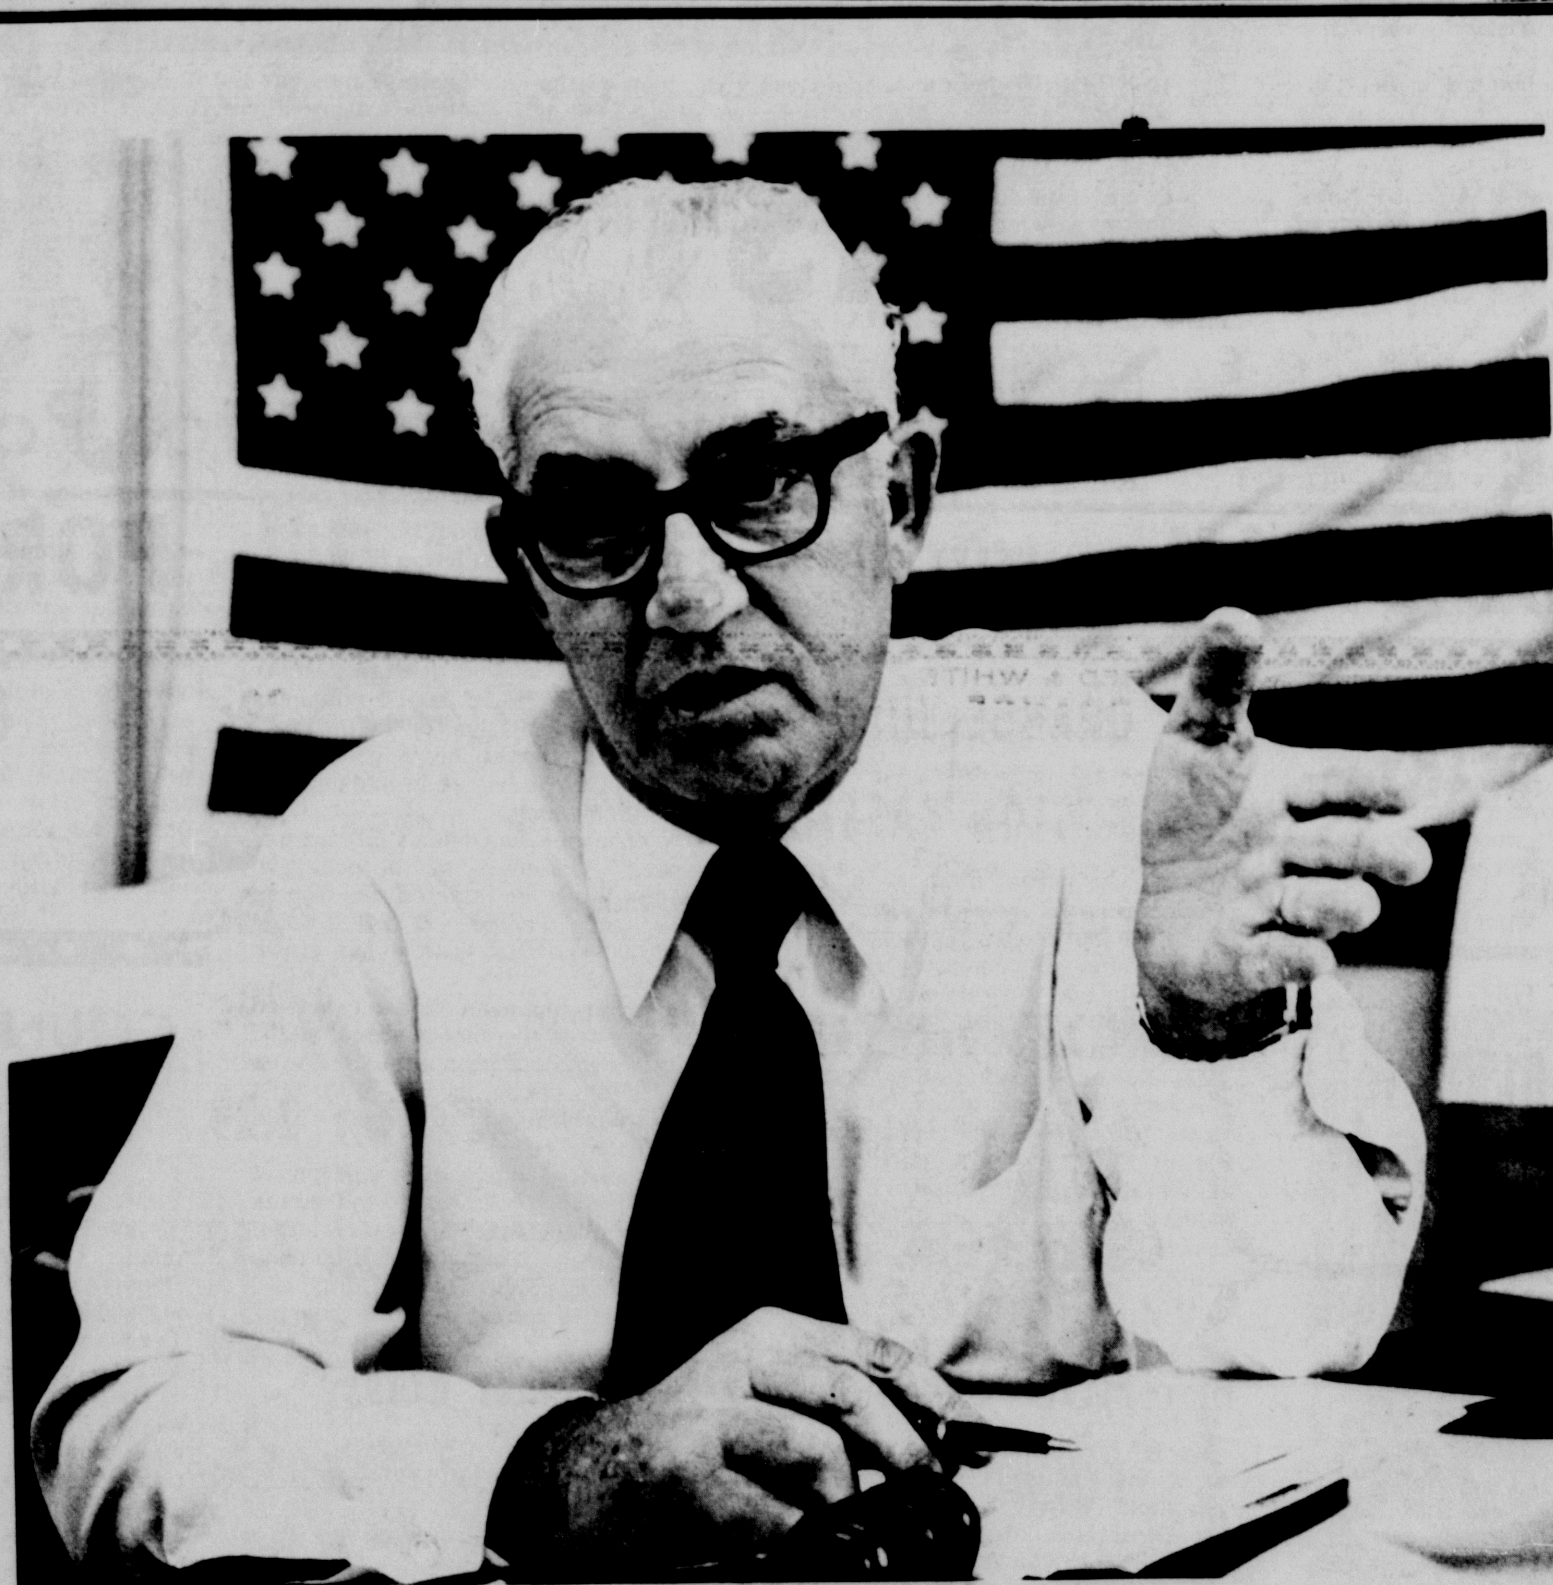

in their world that, if they were all fired at the same time, they'd have enough force to kill everybody on earth ten times over. You can see not even cats could come out of that alive. It'd be an impractical way to solve the pet cat and dog problem in big cities.

But, if the laser beam shield can protect a country, and every country gets one, and the atomic war problem thus is over, the world then would have the problem of what to do with all those guided missiles stockpiled underground in silos, being carried under water on submarines and toted around the skies in airplanes, each one aimed at the other fellow.

The only solution I can come up with is a worldwide garage sale of atomic weapons. Surley there ought to be some countries interested in them for internal use only.

This won't really solve the problem, but you've got to remember that in foreign affairs problems are never solved, they're just shifted around. It's sort of like a Presidential debate.

Yours faithfully,
J. A.

With Faith in the Nation's Future, Alcoans Strive to Fulfill The Continuing Promise Which Is America

Cost Analyst Larry Zoltz at Alcoa's Rockdale Works, is a builder. He is an excellent example of the outstanding people who are Central Texas Alcoans. A caring citizen in the true American tradition, building and helping others to build a stronger nation.

When he's not busy in the accounting group at Alcoa's biggest aluminum smelter, Larry gives generously of his time and energy to make his hometown of Cameron a better place to live. For 12 years, he has spent hundreds of hours away from the family in the evening to serve on the Cameron City Council. Fellow citizens rewarded him last spring by electing him Mayor.

Larry and his Rockdale co-workers are typical of Alcoans throughout the country . . . giving of themselves to make things better — from schools and local governments to Scout troops and hospitals. Volunteers in the great American tradition. Leaders in the life of their communities.

What Larry and other Alcoans are doing gives real meaning to the Bicentennial Year and its emphasis on the true spirit of America. Alcoa is proud of them.

County Agents Notes

Nematodes Are Garden Problem

By Bill McCutchen

Home gardening has always been active in Milam County, but the last several years has seen a big boom in home gardens.

Along with the enjoyment of gardening comes a whole host of gardening problems. One of the most common problems I deal with in gardens is root knot nematodes.

Vapam has been an excellent material for nematode control but it is rather expensive and gardens should be treated annually.

There is an even better solution to the nematode problem for certain vegetable crops and this is resistance. Nematex was one of the first root knot nematode resistant tomatoes to be developed. I was one of the first to try Nematex but soon gave it up as the fruit was small and quality was not the best.

I am happy to report that recent breeding work has produced tomato plants that are nematode resistant, Fusarium wilt resistant, and Verticillium wilt resistant and are heavy producers of

large high quality tomatoes.

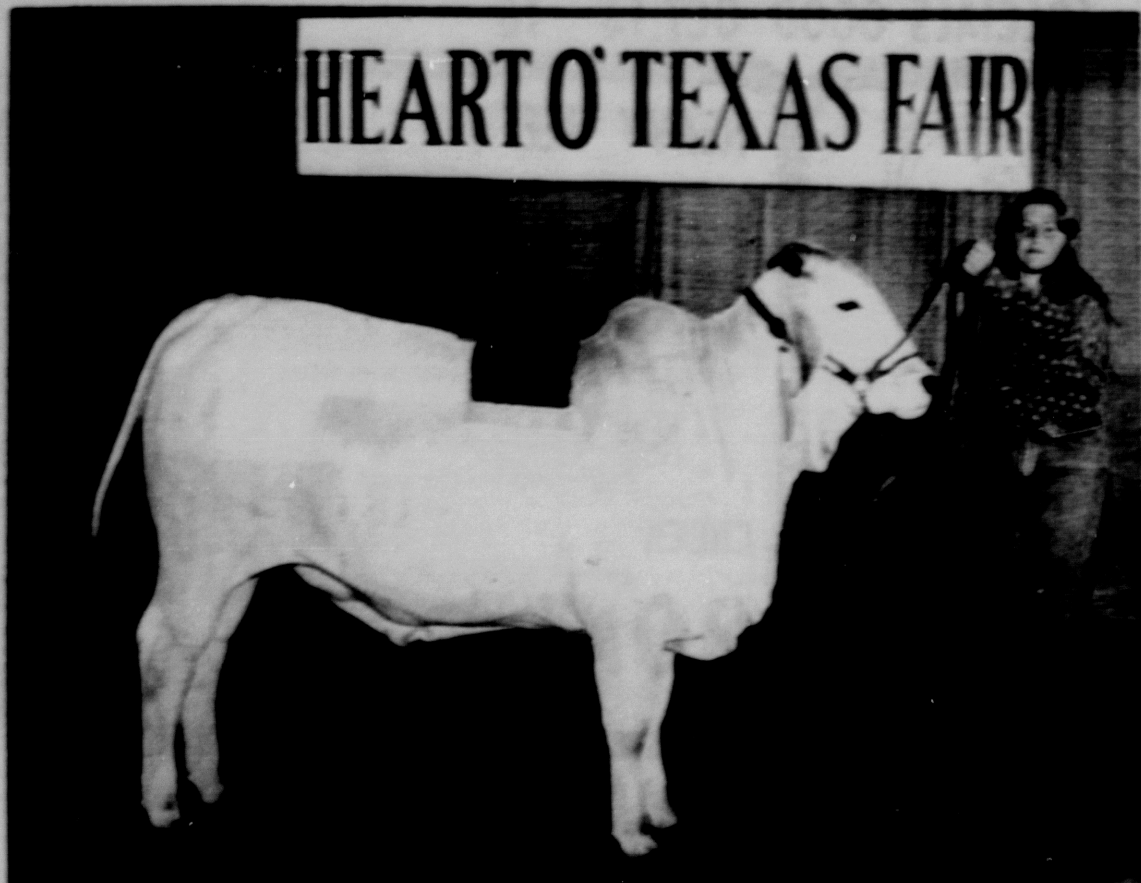

Of these resistant plants, the most impressive variety I have seen and grown is Big Set. Big Set is easily one of the better tomatoes grown and has the advantage of being nematode resistant. I have not grown "Bonus," but Sam Cotter, Extension Horticulturist, assures me that Bonus is also a quality nematode resistant tomato even though he prefers Big Set.

Other nematode resistant varieties are quite acceptable.

Other nematode resistant varieties I used this year in my garden were Super Fantastic, Terrific, and Better Boy. All of these varieties are quite acceptable. Better Boy is the only variety that was available locally last year.

Seed of these varieties are really available from larger seed companies. Whether or not they will be available as seedling plants next spring in this area, I can't say.

If you have nematode problems help is definitely on the way in the form of some excellent quality resistant tomatoes.

WINNING BRAHMAN heifer was named Grand Champion at the Heart of Texas Fair Stock Show and is owned by Margaret Graham of the Yoe FFA

Chapter. Other FFA winners were Danny Marek with a second; Dennis Marek, fourth; Kirby Fleming, fourth; Rodney Gage, seventh.

Poage Urges Research For More Brush Control

"If the 92 million acres of brush in Texas were eradicated, enough additional forage could be produced on these rangelands to feed an estimated 7.5 million more animal units -- about 45 percent of the number grown in Texas today."

That is what Cong. W. R. Poage told a group of scientists and ranchers attending the Texas A&M University Brush Control Field Day near Guthrie today.

Poage further commented that more research is vitally needed to find an effective, economical and environmentally safe control for the mesquite and other noxious brush infesting Southwestern rangelands.

Poage pledged his support for an increased agricultural research program citing that agricultural research pays dividends far greater than it costs.

Rep. Poage, chairman of the House Agriculture Subcommittee on Livestock and Grains, told the crowd, "Brush is really not any different from a common thief. It robs our forage plants of the water and sunlight so necessary to their growth and, in turn, robs our people of the food and fiber that could be produced on these rangelands if the brush was not there."

Poage, Congressman from the 11th Congressional District, was highly critical of the cuts in agricultural research spending over recent years, pointing out that less than two-thirds as much is spent on agricultural research today as was spent just ten years ago.

To secure the needed brush control research, Rep. Poage has recently requested the Agricultural Research Service to initiate a major brush control research program at the Forage and Grasslands Research Center near Temple.

Poage told the group that if the ARS follows his recommendation, 20 scientists will be assigned to the Temple station to conduct intensive brush control research.

"Up to now, the Forage and Grasslands Research Center has been involved in developing new and improved forage varieties, but if we cannot clear our land of the brush growing there now, we cannot seed these new forage species," commented Poage.

In closing his address to the field day group, Poage pledged that as long as he is a Member of Congress he will vigorously support a strong agricultural research program to find new and better ways of producing food and fiber for Americans.

Farm-facts

A Weekly Report Of Agri-Business News

Compiled From Sources Of The TEXAS DEPARTMENT OF AGRICULTURE
John C. White, Commissioner

Jury Still Out... Livestock Slaughter Increases... Still A Problem.

Although the final figures for 1976 are not yet in, Texas is making progress in its goal to become number one in agriculture production in the nation.

It now appears Texas will remain as the nation's leading cotton producing state and will retain its number one position in grain sorghum.

By far and away, Texas will retain its number one ranking in many categories of livestock.

Sorghum harvesting is continuing in the northern sections, and the prediction of about 318,000,000 bushels for this year is down from last year but production is still sufficient to keep Texas number one in that commodity.

The cotton crop this year is also still being harvested, but the total production is expected to be around a million bales higher than a year ago.

The corn crop this year is probably the most dramatic increase of any single commodity percentage-wise in the state. Corn production this year is estimated at around 161,000,000 bushels which would be more than 45,000,000 bushels more than last year.

Also of importance is the yield per acre. A whopping 115 bushels-per-acre average is set for Texas this year.

That's more per acre than the midwestern states. This past year, Texas ranked 11th in the nation in total corn production with 113,300,000 bushels. Based on predictions so far this year, Texas could easily move into the top 10 states in corn production.

In livestock, Texas has no state close on its heels. Total cattle and calves in the state as of Jan. 1 is estimated at 15,600,000 head; that's more than twice as many as the second leading state, Iowa.

Texas is also number one in cattle feeding; it is number one in numbers of beef cows that have calves (more than twice as many as second-ranking Missouri), and the state is number one in all sheep and lambs.

ANNOUNCEMENT

E. J. and Melvin Provasek wish to announce the purchase of Duncum Implement Co. Inc. and it will be known now as Provasek Implement Co. Inc. We will strive to maintain an ample supply of parts and an efficient service department to keep your John Deere tractors and equipment working. We invite former customers as well as new customers to come by and visit with us anytime, the coffee pot is always on.

E. J. & MELVIN PROVASEK

Area Cotton Leaders To Meet

Taylor Area cotton leaders will have an opportunity to hear first-hand reports from officials of Cotton Incorporated (CI) on current and projected market and research development programs in behalf of U. S. growers.

The informational meeting is scheduled for 10 a.m. Oct. 28 at the Knights of Columbus Hall in Taylor.

Vernon Walton, a Temple cotton producer, will preside. L. C. Unfred, Tahoka grower, is scheduled to detail progress being made through the current dollar-a-bale effort and to outline cotton's research and promotion needs and opportunities. CI staff members also will take part in the program.

The meeting is among a series of 29 being held across the Cotton Belt for producer leadership discussion of issues at stake in the cotton referendum expected to be held late this year on increased assessments. Overwhelming support of the need for expanded cotton promotion and research programs was expressed by cotton leaders in recently completed public field hearings conducted by the U. S. Department of Agriculture.

Jeans Now Coming In New Denim

A new process for treating cotton makes denim wrinkle-proof and shrink-resistant. The process, with the trademark "Sanforset," has met with such good consumer response that already there is a shortage of the material. Cotton Incorporated, the fiber company of U. S. cotton producers, is advertising and promoting products made with the "Sanforset" process to help secure more markets for cotton producers. "The 'Sanforset' process also has great potential for helping cotton regain other markets," says James P. Hangle, Cotton Incorporated director of apparel mill marketing. "A successful process for imparting durable press finish to 100 percent cotton products could probably create a total market for more than 2 billion yards of cotton goods--enough to require an extra million bales of cotton," says Hangle.

"Of course that's not feasible right now, but that is the potential." Fabrics treated by the "Sanforset" process are currently available only from Burlington Mills. The Blue Bell Corporation is buying the fabric and using it in jeans, which are marketed under its Wrangler "No Fault" label and its Sedgefield "Do Nothing" label. The H. D. Lee Company is using the fabric for its "Lee-Set" garments. The new process is especially impressive because it leaves the fabric with a soft feeling, or a good "hand," comments Hangle. The treated fabric also fades faster than regular denim to achieve the faded look that many young buyers want in jeans, says Hangle.

from the TAP kitchen

ICE CREAM CAKE

1/2 cup butter
1 pint (2 cups) vanilla ice cream, softened
2 eggs
1-1/2 cups all-purpose flour
2/3 cup sugar
1 tsp. baking powder
1/2 tsp. salt
1 cup graham cracker crumbs
1/2 cup sour cream
1 cup caramel ice cream topping
1/2 cup chopped pecans
Whipped cream, if desired
In 3-quart saucepan, melt butter; remove from heat. Add ice cream, eggs, flour, sugar, baking powder, salt and graham cracker crumbs. Mix until smooth. Pour into a greased 13 x 9-inch pan. Bake at 350 degrees for 30 minutes. While cake bakes, combine sour cream and caramel ice cream topping. Pour over warm cake. Top with chopped pecans. Cool cake and cut into squares. If desired, top with whipped cream. Yield: 20 squares.
For additional dairy recipes send a postcard request to Commissioner John C. White, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711.

Water Board Sets Forum

AUSTIN The Texas Water Development Board (TWDB) will hold a public forum in the Bryan-College Station area, Friday, Oct. 15 at 7 p.m. in the Rudder Tower at Texas A&M University in College Station, on revision on the plan for developing Texas' water resources, announced TWDB executive director James M. Rose.

The Bryan-College Station forum is one of a series of 23 forums being held throughout the state in September and October.

"The forums are being held to afford individual citizens, organizations--both local and regional--and other groups a place in their area

to make their recommendations, views, and opinions known to the state water agency about local, regional, and statewide water problems and opportunities. We want to hear from the people," explained Rose.

Early next session, the Water Development Board will submit to the Legislature a new comprehensive plan for the efficient use and development of the state's water resources to meet present and future needs of all regions and all areas of Texas, Rose said.

The use of the Texas Water Development Fund for loans to cities and towns and other local entities will be discussed, said Rose.

GRAND CHAMPION--Deborah Glaser's Hampshire Boar won Grand Champion at the Heart of Texas Fair at Waco. She also has one first

place, one second place, two thirds, and one fifth place. Darrell Glaser, her brother shown here, placed sixth with his hog.

New Book Tells Story Of Colony

FORT WORTH The little known story of the colonization of a 30-county area of Central Texas is the topic of a new book from Texas Christian University Press. To be released

on Oct. 15, "The Nashville Colony" is Volume III of the series "Papers Concerning Robertson's Colony in Texas."

The series, which will ex-

tend to 10 volumes and some 6,000 pages, is being compiled and edited by Dr. Malcolm D. McLean, professor of Spanish and history at the University of Texas at Arlington.

The rivalry between Stephen F. Austin's colony and what eventually became Robertson's Colony develops into serious consequences in this installment of the history. Circumventing the Texas Association's request for westward expansion, Austin contrived to extend that colony north into hostile Indian territory.

Today that territory comprises 13 counties, including Milam.

Austin applied for that western territory and got it for himself. It now contains the state capitol.

"The Nashville Colony" covers the period October 1826 through April 1830.

Seniors Endorse Rep. Poage

The National Alliance of Senior Citizens today endorsed the candidacy of Cong. W. R. Poage for re-election to the United States House of Representatives.

In announcing the organization's support, Mrs. J. W. Aubrey, Alliance president, recalled Poage's record for fiscal responsibility in government to protect those living on fixed incomes from the deep ravages of inflation.

"No single segment of the American people is more impacted by uncontrolled government spending and the inflation it causes than is the senior community.

"Congressman Poage's outstanding record on the 'Golden Age Index' clearly demonstrates his determination to support those po-

licies in the best interest of the aging," added the senior citizens' leader.

"As a member of the Golden Age Hall of Fame of the Alliance, Mr. Poage has joined with many other leading Americans to seek the best possible future for our senior Americans, and truly merits the full measure of support of every concerned mature individual. The National Alliance of Senior Citizens is pleased to give its wholehearted endorsement to the re-election of this fine representative of the people," concluded Mrs. Aubrey.

Annually the earth travels 600 million miles through space.

Buckholts

By Mrs. Edwin Gandy

Joe Michael Brady and Charlene Willis were married in the First Baptist Church on Saturday afternoon. Rev. Ronnie Watson performed the ceremony.

Martha Jane Busby of San Antonio is spending the week with her mother, Mrs. Estelle Horstmann. She was also here to attend the wedding of her nephew, Joe Brady.

Mrs. W. W. Chevalier and Mr. and Mrs. Clifford Chevalier and Sarah of Houston spent Thursday and Friday here visiting relatives and friends. They spent Thursday night with Mrs. Annie Obermiller.

Randy Shiplett, who is a student at college in Brown-

wood visited on Sunday with Bro. and Mrs. Ronnie Watson. He attended the morning services at the First Baptist Church.

Mrs. Lena Russell and Mrs. Millie Klapka of the Yarrington community were visitors in the Baptist church on Sunday.

Visiting with Mr. and Mrs. Frank Garey on Sunday were Tommy Lane and Kimberly of Temple. Since Kimberly didn't have any school on Monday she stayed through Monday with her grandparents.

Visiting last week with Mr. and Mrs. C. R. Criswell was his sister, Mrs. Audrey Goree of Olney.

Mrs. Jewel Collier of Cameron visited her sister, Mrs. Dealie Arnold during the week.

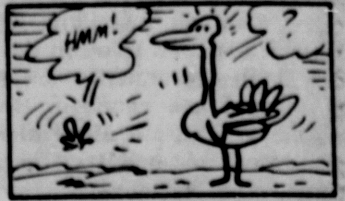

Manuel Mathews and children of Rockdale visited with

Mr. and Mrs. Lee Matthews last week.

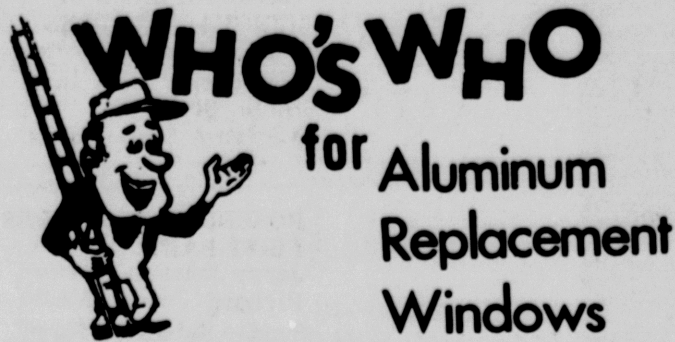

Visiting with Mr. and Mrs. Lee Lock on Sunday were Mr. and Mrs. Troy Lock of Crosby.

Mrs. Donna Jones and Graham of Temple visited with Mr. and Mrs. Lee Matthews last week.

Visiting last week with the Hopkins family was their daughter and family, Mr. and Mrs. Marshall Williams and Amy of Huntsville.

One ostrich--the largest bird now living--weighs as much as 48,000 bee hummingbirds, the smallest birds in the world!

CITY _____ STATE _____

MAIL TO ACE CONSTRUCTION COMPANY
1303 FM 440
Killeen, Texas 76541

Example:
Why you pay only 8½¢
more for gas when we
have to pay 10¢ more.

The dime is simply a nice, round figure to use in discussing gas cost adjustments -- a subject that you and we talk about with no happiness on either side.

The 8½¢ is 85% of 10¢. And we're allowed to charge you only 85% of any increase in the price we have to pay for natural gas over the base price set by the Texas Railroad Commission.*

Temporarily, the other 1½¢ (or 15%) is coming out of Lone Star's pocket. We say temporarily for good reasons.

The losses have been staggering... in just one year, ending July 1, 1976, they have increased to \$13,500,000!

The other side of the coin.

These unrecovered gas costs are actually threatening our ability to provide the long-range, reliable service you expect.

Highly competitive bidding on new gas reserves by many companies keeps raising the price of gas. Our option is to pay the higher prices or not replace the gas you use each year.

For example, because of our seriously declining profits, we sold much more gas in 1974 and 1975 than we added. We are still eating into our gas reserves.

Our unrecovered gas costs must be recovered if we are to compete successfully for new gas supplies, meet our steadily increasing operating costs, and provide you a secure energy future when our existing gas reserves have been depleted.

Ask any merchant. If he can't afford to replace the merchandise he sells, he can't expect to stay in business.

*Railroad Commission Docket #588, July 1, 1975

OBITUARY

Kohutek

Funeral for Edwin Kohutek, 74, of 307 10 St., who died in a Temple hospital Sunday morning, was held Tuesday at 2 p.m. in Harper-Talasek Funeral Home Chapel. The Rev. Albert Michalik officiated and burial was in the Seaton Cemetery.

Mr. Kohutek was born in Rowena and had lived in the Zabelville community where he farmed and ranched. He moved to Temple after his retirement and had lived there for the past 30 years.

He was retired from the American Desk Mfg. Co. and was a member of the SPJST Lodge No. 47.

Surviving are his wife, Mary Kohutek of Temple; two sons, Louis Kohutek and Willie E. Kohutek, both of Temple; three brothers, Charlie Kohutek and Willie C. Kohutek, both of Cameron, and Rudolph Kohutek of Buckholts; two sisters, Mrs. Mollie Gilbert of Cameron and Mrs. Rossie Fuller of Houston; five grandchildren and three great grandchildren.

Wade

Mrs. Emily J. Wade, 51, of Minneapolis, formerly of Cameron, died Friday in Minneapolis after a long illness.

Funeral was at 3 p.m. Sunday in St. Monica Catholic Church in Cameron with Rev. John Geiser officiating. Burial was in the church cemetery.

Rosary was recited at 8 p.m. Saturday in Marek-Burns-Laywell Funeral Home.

She is survived by her husband, Wilson Wade; two sons, Stephen G. Wade and John B. Wade, all of Minneapolis; her father, John Kratchovil of Cameron; a brother, Frank Kratchovil of Cameron; three sisters, Mrs. Mary Roschetzky and Mrs. Annie Schattle, both of Cameron, and Mrs. Albina Rubac of Temple.

Esquivel

David Esquivel, 74, of Cameron died of an apparent heart attack Friday while working in downtown Cameron.

Funeral was at 10 a.m. Monday in St. Monica Catholic Church with the Rev. Louie Pavlicek officiating. Burial was in the Hernandez Cemetery in Cameron.

Rosary was recited at 8 p.m. Sunday at Marek-Burns-Laywell Funeral Home.

Mr. Esquivel was born in Travis County and had lived in Cameron for the last 56 years. He was a gardener.

Surviving are his wife, Felipa Esquivel of Cameron; one daughter, Miss Connie Esquivel of Cameron; one step-daughter, Mrs. Isabel Rivera of Temple; three step-sons, Paul Rodriguez of Carlsbad, Calif. and Ignacio Rodriguez and Carlos Rodriguez, both of Dallas; three brothers, Lupe Esquivel of San Antonio, Daniel Esquivel of Port Neches, and Amabo Esquivel of Los Angeles, Calif.; one sister, Mrs. Sara Becerrrie of San Antonio; several grandchildren and several great grandchildren.

Bishop

Mrs. Diane Dubois Bishop, 34, of Houston and formerly of Cameron, died in a Houston hospital Sunday after a short illness.

Funeral was at 2 p.m. Tuesday in Marek-Burns-Laywell Funeral Home with the Rev. Stanley Vodicka officiating. Burial was in Oak Hill Cemetery.

Mrs. Bishop was born in Harlingen and had lived in Houston for the past 12 years. She was a secretary for Investors Title Co.

Surviving are two daughters, Miss Cheryl Bishop and Miss Brooke Bishop, both of Houston; her mother, Mrs. Jack Dubois of Houston; and one sister, Mrs. Donna Johnson of Austin.

Walzel

Emil J. Walzel, 78, of Rt. 1, Cameron, died Monday morning in his home of an apparent heart attack.

Funeral was at 10 a.m. Wednesday in St. Monica Catholic Church in Cameron with the Rev. Paul McCallum and the Rev. Louie Pavlicek officiating. Burial was in St. Monica Cemetery.

Rosary was recited at 7:30 p.m. Tuesday at Marek-Burns-Laywell Funeral Home.

Mr. Walzel was born in Milam County and was a farmer.

Surviving are his wife, Mrs. Annie Walzel of Cameron; one son, Joe Walzel of Cameron; two daughters, Miss Anita Walzel and Mrs. Eugenia Turner, both of Cameron; one brother, Joe Walzel of Texas City; three sisters, Mrs. Adolph Richter, Mrs. Joe Krull and Mrs. H. F. Huebner, all of Cameron; and seven grandchildren.

Rev. Osgood To Speak At Church

Rev. Brenton Osgood, national director for "Speed the Light," will be speaker for the 10:50 a.m. service this Sunday at the First Assembly of God at 1511 N. Houston, according to the pastor, Rev. Darryl Proffit.

Rev. Osgood, whose office is located in Springfield, Mo., is the son of former missionaries to the China mainland and has first hand knowledge of the needs of missionaries.

The former youth director for the Indiana district of the Assembly of God, he now heads up the annual drive called Speed the Light to raise the money to furnish Assembly of God missionaries with needed vehicles, radio equipment, printing presses, etc.

The money is raised by the youth of the Assembly of God churches. The national goal for this year is two and a half million dollars. Goal for north Texas district is \$200,000. North Texas has led the nation in giving for the last seven years.

The public is invited to come and hear Rev. Osgood.

A NATION'S GREATNESS

During this Bicentennial year, we remember especially the covered wagon—and the days when vast stretches of fertile farming land and rich mining country lured the pioneers across our western plains.

Packed in these lumbering vehicles were camping materials, stores of food and medicines, clothing and tools and weapons, for danger lurked everywhere. These were the rugged people who settled our West, and bore the torch of civilization across plain and mountain to the Pacific.

But the covered wagons carried something besides the pioneers and their material belongings westward. They carried the faith of a great people, and they planted it in every village and settlement.

Faith is the foundation on which the West was built—and the East had been built before it. Faith in God and the right, in people and work and prayer... this is the true source of a nation's greatness.

Every church spire pointing heavenward blazes the secret of our country's strength.

COOKING THAT'S FUN

One food that's as much fun to make as it is to eat is molasses taffy—provided you've got a lot of water.

Mix water, cornstarch, salt and unsulphured Grandma's Molasses, which is sweeter than ordinary molasses, and pour it into a buttered pan. Cook it until a small amount dropped into cold water forms a hard ball.

When just cool enough to handle, pull the taffy until it becomes satiny, light in color and stiff. If it gets sticky, butter your hands lightly.

Cut the strips into one-inch pieces with a scissor, and wrap them in plastic or waxed paper so they will hold their shapes.

This is one kind of fun you can really sink your teeth into. The basic formula for about two pounds of taffy calls for two and a half cups of sugar stirred until dissolved in one cup of boiling water in a buttered saucepan. One and a half cups of unsulphured Molasses, one tablespoon of vinegar and a teaspoon of salt

are gently stirred in and cooked over medium heat to about 270 degrees (a candy thermometer should be used). Removed from heat, a quarter of a cup of butter or margarine is stirred in and the mixture is divided into two buttered 10-by-15 inch baking pans. A teaspoon of vanilla or four or five drops of cinnamon or peppermint is poured over the surface.

In a few minutes, a buttered spatula turns the edges of the taffy in so it cools evenly, and in 10 minutes, it's ready for pulling.

THESE FIRMS AND INDIVIDUALS ARE SEASON LONG YOEMEN SUPPORTERS

Yoemen Face Cougars In Homecoming Clash

Flame King, Flame Queen and Homecoming Sweetheart along with a billowing cloud of the homecoming bonfire smoke will be added attractions of the Cameron - Rosebud - Lott football game Friday night as Cameron celebrates Homecoming 1976.

Coming off a big win over the Elgin Wildcats the Cameron Yoemen will be tested in the third district game by a team that remains winless throughout the '76 campaign and in fact winless for two years running.

The Cougars will be under the coaching staff of Coach Carson which is still plagued by a slump that's deeper than the 1932 depression.

Rosebud-Lott will return 8 offensive and 8 defensive holdovers from that 0-9-1 season in 1975.

Field general C. E. Wolfe will again be barking the plays for the Cougars and will try to establish a repeat performance of a well balanced offence attack that he generated against Caldwell only one week ago.

Across the front offensive

line the Cougars will depend on the muscle of returning letterman tackle Tim Romans and the experience of Sherrick Johnson, who will be the starting offensive end.

Coach Ed Cauley said. "This is the first game that we have played where we are about the same size."

The Cougar's offensive line will average 179 pounds while the offensive backfield tips the scale at 172 on the average.

Wolfe will use the running game more than the passing attack and will also be a major ball carrier.

On the defensive line the Cougars will weigh in at 180 pounds per player and the secondary will average only 161 pounds.

The Cougar defense will depend on the experience of senior linebackers Craig Warren and Larry Johnson to plug up the middle and give strength to the pass rush.

The Cougar defense has given up 131 points so far this season with the offense only generating 40 points. Twenty of those points were scored last week against Caldwell.

The Yoemen will continue their efforts in making it six in a row according to Coach Ed Cauley. Cauley said, "Our guys are determined to win six in a row and I think they will be ready to play this homecoming Friday."

Yoe JV Downs Wildcats, 12-8

The Yoe Junior Varsity scored twice in the first quarter and took an early 12 point lead to down the Elgin Wildcats 12-8 in football action here Thursday evening.

In the JV game the Yoemen took the lead midway through the first quarter after driving the opening kickoff 60 yards for the touchdown.

Quarterback Edward Steamer on a boot leg keeper rambled 30 yards into pay dirt. The point after attempt for 2 failed and the Yoe JV took command, 6-0.

The Yoemen kicked off to the Wildcats and on the first offensive play from scrimmage for the Wildcats Edward Steamer intercepted the ball and gave the Yoe men good field position.

The Yoemen took the ball from the 50 and marched down the field for the second TD in the opening quarter.

Connie Green scored from 6 yards out and the PAT for 2 failed giving the Yoemen a 12-0 lead.

Again on the first play from scrimmage for the Wildcats the Yoe defense knocked the ball loose from the 'Cat running back and Gary Stevens recovered.

The Yoemen launched another long drive and as the final seconds clicked off the clock ending the first half the Yoemen were unable to score.

The Wildcats scored in the third quarter and their 2 point conversion was successful giving the Yoemen only a 4 point lead.

The lead held throughout the remainder of the cold and wet night and the Yoemen knotted their district 1-1 with the win.

FORREST GUESS

ELGIN...

As Jackie Gleason always used to say, "How sweet it is!" And how sweet the victory came Friday night for the Yoemen, coaches, and fans.

Facing some of the toughest competition in the state sometimes isn't the best thing in the world for your record book.

To get back on track after some heartbreakers and an opening district loss is sometimes hard to overcome.

One quick look at the team membership will tell the story of dedication and pride. A quality that a Cauley team has always displayed.

The cold and wet weather of last Friday night didn't keep a large number of Yoe fans away.

To boast and brag about the Cameron fans is in order. Since I have been behind this typewriter I can truthfully say that the Cameron-Yoe fans are Number One in the state.

It's sometimes hard to take defeat, but it's sometimes hard to be a good winner.

I think the message is clear: Cameron's Number One.

A GLANCE...

The Cameron Yoemen had to fight back twice to overcome deficits in the Elgin game last Friday. The powerful running of sophomore Elroy Falke, who I believe is the best single back in District 23-AA kept the final victory cheers down to the final buzzer sounded.

Anything could happen with an explosive runner like Falke.

In the first quarter the Yoemen ran 15 plays to the Wildcats 11. In the second

quarter Yoe ran 9 plays to Elgin's 12. Following half-time the Yoemen ran 16 plays to Elgin's 5. In the closing stanza Yoe ran 10 plays to Elgin's 12.

The second half was the turning point with the Yoemen offense dominating the third quarter and the Yoe defense stopping Falke and company in the final two quarters.

OVERLOOK...

The offense line and defensive linemen always seem to be overlooked in most football articles. So I would like to dedicate this article to the Yoe linemen.

Providing the offensive blocking includes tackles James Thomson and Alan Richardson. Guards include Mike Barr and Gary Lewis at tight guard and at split guards Joe Schmidt and David Delony. Senior Carl Brady is center.

Defensively the linemen include outside linebackers Peter Riola and Richard Raymond. The inside linebackers include Brian Wilkerson and Stephen Hollas. Ends for the Yoe Fence are David Delony and Joe Schmidt. Tackles include Clay Kruse and Jimmy Zalesky.

Although the fine job of the linemen sometimes goes unpublished it certainly doesn't go unnoticed.

CAULEY SAID...

"I thought we played with a lot of determination the first half. But, we did not play with enough concentration on what we were doing."

"Defensively we didn't play well the first half, but on the other hand it could have been caused by the fine running of Elroy Falke."

"Our offense moved the ball well in the first half. And even better the second half."

"I think the second half was the combination of more determination and concentration because we were able to shut down Elgin and to generate two scoring drives."

"I think that our young men showed a lot of character coming back twice to defeat a fine Elgin team."

ROSEBUD-LOTT

"For the first time we face someone about our same size. Across the front the Cougars will weigh around 180-185."

"Coach Carson has taken over the coaching duties at Rosebud-Lott and the Cougars have played some good football. Against Caldwell the Cougars tied the score 20-20."

"We want to make it 6 straight and I know we will again have our hands full this week. Rosebud-Lott always gets up for the Cameron game."

"I know the rivalry goes back a long time. I know we will be ready for them."

OJT FOOTBALL...

Both OJ Thomas football teams will return to action this Thursday night against Caldwell. Kick-off time has been scheduled for 6 and 7:30 p.m.

Coach Harold Schkade's 7th graders now stand 2-1-1 for the season while Coach Roger Williams' 8th graders also stand 2-1-1 for the season.

HOW TO GET A LIFETIME SUPPLY OF LONE STAR LONG NECKS FOR 84¢.

It's a pain to come up with that 84¢ deposit on your first case of Lone Star Long Necks. But you're home free on every other case you buy.

You know what this means? A never-ending supply of the legendary Lone Neck bottles. Forever. Perpetually. For time. eternal.

You can pass them on in your will just like your other worldly possessions.

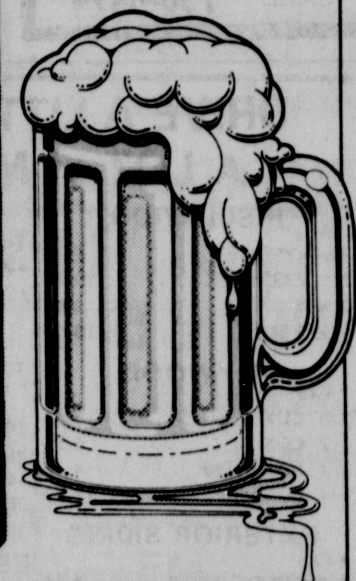

You can consider them a hedge against inflation. (Instead of putting your money into gold or silver, you shrewdly got into glass-ware.)

You can return them if you want to rub your nickels together again.

But you'll probably want to bring them back to the place you bought them. This way you can end up with something even more valuable than a case of Long Necks.

A case of Long Necks full of Lone Star Beer.

There's good times and great beer brewin' in Texas. Lone Star.

Card Of Thanks

We wish to express our deep appreciation to all our many kind friends, neighbors, and relatives for their loving concern, flowers, food and beautiful cards and the many other different ways, you help us during the long illness and the death of our loved one, Ira Chance. Special thanks to the Veterans Hospital, the doctors and nurses for their special care and kindness during his many stays there. Special thanks to Rev. Milton Maly for the comforting message and prayers. A very special thanks to Marek-Burns-Laywell Funeral Home for all the services they did for us. May God bless each of you in his own special way.

The family of
Ira Chance

NOTICE OF HEARING BEFORE THE TEXAS WATER RIGHTS COMMISSION OF AN APPLICATION TO APPROPRIATE PUBLIC WATERS OF THE STATE OF TEXAS

No. 3666

Notice is given that JOE GLASER, P. O. Box 158, Buckholts, Texas 76518

(a) Applicant seeks authority to maintain an existing dam and on-channel reservoir, known as Reservoir No. 1, on Indian Hollow, tributary Brazos River, Brazos River Basin, and impound therein not to exceed 247 acre-feet of water. The dam is located at the Thomas Curry Survey, Milam County, Texas, which conflicts with the Jose Antonio de Pena Survey, Abstract No. 43, and the mid-point of the dam at the stream is located in the Thomas N 8 degrees 30' E, 17,750 feet from the SE corner of the aforesaid Thomas Curry Survey.

(b) Applicant also seeks authority to maintain 28 existing off-channel reservoirs, located with reference to the SE corner of said survey as follows, and to impound therein not to exceed a combined total of 140 acre-feet of water, apportioned among the reservoirs as follows:

(1) Reservoir No. 2 has a capacity of 18 acre-feet with the SW corner of the reservoir located at a point N 10 degrees 30' E, 17,720 feet from said survey corner;

(2) Reservoir Complex No. 3, which consists of 6 reservoirs, has a combined capacity of 30.95 acre-feet with the SE corner of the complex located at a point N 9 degrees 50' E, 17,000 feet from said survey corner;

(3) Reservoir Complex No. 4, which consists of 3 reservoirs, has a combined capacity of 8.5 acre-feet with the SE corner of the complex located at a point N 10 degrees 30' E, 13,000 feet from said survey corner;

(4) Reservoir No. 5 has a capacity of 5.92-acre feet with the SW corner of the reservoir located at a point N 7 degrees 30' E, 12,000 feet from said survey corner;

(5) Reservoir No. 6 has a capacity of 3.76 acre-feet with a point on the south shore of the reservoir located N 5 degrees 40' E,

(10) Reservoir No. 11 has a capacity of 6.91 acre-feet with the NE corner of the reservoir located at a point N 10 degrees 30' E, 14,500 feet from said survey corner;

(11) Reservoir No. 12 has a capacity of 3.81 acre-feet with a point on the south shore of the reservoir located N 5 degrees 40' E, 14,600 feet from said survey corner;

(12) Reservoir Complex No. 13, which consists of 6 reservoirs, has a combined capacity of 13.11 acre-feet with the SE corner of the complex located at a point N 7 degrees 30' E, 17,300 feet from said survey corner;

(13) Reservoir No. 14 has a capacity of 17.34 acre-feet with the SW corner of the reservoir located at a point N 6 degrees, 20' E, 17,920 feet from said survey corner;

(14) Reservoir No. 15 has a capacity of 8.98 acre-feet with the SE corner of the reservoir located at a point N 8 degrees 30' E, 18,500 feet from said survey corner; and

(15) Reservoir No. 16 has a capacity of 4.6 acre-feet with the SW corner of the reservoir located at a point N 10 degrees 30' E, 18,800 feet from said survey corner.

(c) Applicant seeks to divert and use not to exceed 100 acre-feet of water per annum from Reservoir no. 1 for industrial purposes (fish farming) in Milam County, Texas.

(d) Applicant seeks to divert water by means of one stationary pump at a point which is on the dam of Reservoir No. 1, N 8 degrees 10' E, 17,760 feet from the SE corner of said survey at a maximum rate of 1.1 cfs (500 gpm).

Application No. 3666 was accepted for filing pursuant to 5.121, Texas Water Code, by the Texas Water Rights Commission on September 27, 1976, and a hearing thereon will be held by the Commission in the Stephen F. Austin State Office Building at 1700 N. Congress Avenue in Austin, Texas, on November 24, 1976, at 10 o'clock a.m. Those opposing the granting of said application may appear at the hearing and/or, at least five days before the hearing date, may file written protest with the Commission and serve copies on the applicant by certified mail, return receipt requested, or by attorney's affidavit. Written protests must contain the name and address of the applicant, an allegation of potential injury of the protestant, the basis of protestant's claim of right and the location of protestant's diversion, if applicable, and any possible adjustments to the application which would result in a withdrawal of the protest. However, persons filing such written protests are not entitled to be admitted as parties to the proceeding unless they comply with Rules 129.03.13.001-.003 which require actual presence at the hearing. Persons desiring further information in connection with this application or the administrative procedures to be followed may contact Pam Weddell, P. O. Box 13207, Austin, Texas 78711, Telephone (512) 475-2711.

Youths To Participate In Tourney

Local youths will be participating in the Bastrop Tennis Tournament this Saturday and Sunday, October 15-16.

There will be two divisions and competitors in the senior division will include Ted Dodd, boys singles and George Sanders and Buster Miller in boys doubles.

In the junior division Betty Sue Chubb will play in the girls singles and David Mueck will compete in the boys singles.

A person who weighs 160 pounds on earth would weigh only 30 pounds on the moon.

★ Talent Spotlight ★

MIKE PECK

JOHN SCHMIDT

John Schmidt will be a starting offensive tackle for the Yoemen this season, and also may see action at the defensive end position.

Schmidt stands 5'10 and weighs in at 180. He will be displaying jersey #72. Schmidt will be well qualified for the position, having participated in football since seventh grade. Along with his participation in football John is also active in the track program.

John is the son of Mr. and Mrs. John Schmidt of 302 East 18 St. in Cameron. Schmidt cites the Texas A&M "Aggies" as his favorite college team while choosing the Dallas Cowboys as his favorite pro pick.

John spent the summer months hauling hay for area farmers and working out to keep in shape for the football season.

STEPHEN HOLLAS

Stephen Hollas will fill the middle linebacker position for the Fighting Yoemen this season. He will also be alternating in at the offensive guard position.

Hollas is a Sophomore at Yoe High. He stands 5'8 and weighs in at 165. He will be wearing jersey #65.

Hollas has participated in football since the seventh grade while also participating in baseball, basketball, tennis and track. Along with his athletic participation Hollas is also active in the Spanish Club and is a member of the Spanish Honor Society.

Hollas is the son of Mr. and Mrs. Louis Hollas of 802 East 14 St. in Cameron.

When asked about favorites on the pro and college level, Hollas cites the University of Texas and the Dallas Cowboys respectively.

O J Thomas Sports News

Volleyball

The OJT girls volleyball team split wins with Rockdale Monday in Rockdale. The 8th grade defeated Rockdale, while the 7th grade felt the absence of 2 starters and suffered their second defeat.

In the 8th grade match OJT won; 16-14 and 15-4. The feds stand 8-1 for the season.

Cindy Crouch toed the serving line for 10 points to

lead the Yoettes followed by Virginia Vaculin with 8. Angela Swain and 7 while Dana Drzac placed 4. Renee Hillman had 2 points for the winning effort.

In the 7th grade game the OJT feds won the first match 15-9 and then dropped two in a row 7-15 and 2-15 to suffer their second defeat of the season.

Beverly Edwards led the scoring attack with 8 followed by Christy Widner with 5. Shelia Wilcox and Margerie Taylor both scored 3 followed by Cherrie May and Georgia Freeman with 2 each. Kim Ward and Lesia Fino toed the line for one point.

Girls athletic coach Janice Swope said, "In the eighth grade game Betty Sue Chubb did a good job spiking and we had a good team effort. The seventh graders had a good first game but the final two games we felt the absence of 2 of our starters."

The OJT feds will play Caldwell Monday and Belton on Tuesday with both games scheduled to be played at the OJT gym. The OJT feds will host their annual tournament next weekend.

Wildcats Down Yoe Freshmen, 12-8

Yoe freshmen, 8-6 lead.

With only a few minutes remaining the Yoe freshmen defense held the Wildcats and on a 4th and 8 Elgin in desperation tried a pass that was called successful and gave them field position on the Yoe 1 yard line.

On the very next play the Wildcats scored and took the 4 point lead, 12-8.

The Yoe freshmen and JV teams will combine their ranks for their game this Thursday night against Rosebud-Lott. The game time has been scheduled for 7 at the Cougar Stadium in Travis.

The Elgin Wildcats fought back in the fourth quarter to defeat the Yoe freshmen 12-8. The Yoemen took the lead in the third quarter but in the closing minutes the Wildcats fought back to take a win.

The Wildcats scored first in the opening quarter but their PAT failed giving them a slim 6-0 lead.

In the third quarter the Yoe freshmen launched a 45 yard scoring drive. Dennis Rosemond on a sweep found open ground from 8 yards out.

Dow Dodd made the difference when he stepped across the magic line for the 2 point conversion giving the

4-H CLUB NEWS

By Chris Holcombe
Milam Co. Extension Agent

Milam County 4-Hers topped off National 4-H Club Week activities with the annual Milam County 4-H Awards Banquet held October 9 at the Methodist Fellowship Hall in Cameron and sponsored jointly by the Milam County 4-H Clubs and the Milam County 4-H Council.

The presentation of awards was by State Rep. Dan Kubiak and county extension agents Chris Holcombe, Kenneth Waites, John Snell, and Bill McCutchen.

Appreciation awards were presented to Monroe Fuchs, Provasek Implement Co., A. W. McCullin, Sr., Charles Brady, Gulf Farm Center, and Duke & Ayres, Inc.

The top 4-H supporter award went to Mrs. Bobby Scroggins of Thorndale and was presented by Leroy Stephens.

Alumni awards were presented by Larry Eubanks of Olin Agricultural Division to Mrs. Charles Riola, Mr. and Mrs. James Glaser, and Mr. and Mrs. Stanley Glaser.

The Gold Star Awards were presented by State Rep. Dan Kubiak and the agents to Lorna Biar of Thorndale and Peter Riola of Cameron. These 4-Hers also received

the outstanding 4-H girl and boy awards from the Cameron Area Chamber of Commerce. These awards were presented by Douglas Buck.

State 4-H awards were presented to the state winning entomology team members by Chris Holcombe and the sponsors. The awards were presented by Provasek Implement Company represented by E. J. Provasek to Christopher Riola; by Ideal Hatchery and Breeding Farm, Inc. represented by Mrs. Leo Fuchs to Wayne Elley; Gulf Farm Center represented by Bill McCutchen to Curtis Wize; and Duke & Ayres represented by Adolph Noska to Rosemary Ehler.

Rosemary Ehler was also awarded an honor as having the state winning recordbook in entomology.

Brenda Westerman recognized the Mr. and Mrs. 4-H contestants and announced the winners as Christopher Riola and Rosemary Ehler of Cameron.

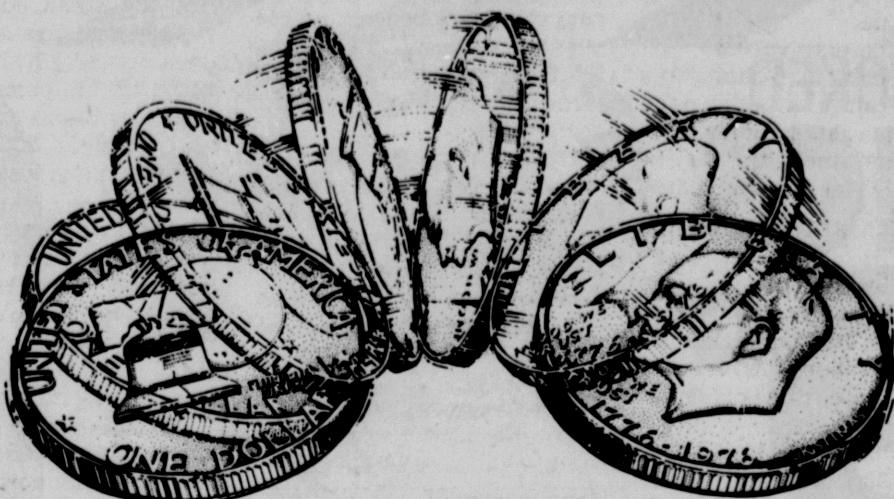

County 4-H award winners were as follows: achievement--Dominic Riola, Seraphine Sefcik, Susan Hicks; agriculture--Lori Tomasick; beef--Wynona Scroggins, Rhonda Scroggins, and Charles Obermiller; clothing--Sandy Vogelpohl, Margie Frenzel, Velvet Dodson, and Anna Marie Marak; dairy--Dwayne Borho; dog care and training--Theresa Winkler;

Dress revue--Lorna Biar, Raye Nell Obermiller, and Deborah Glaser; electric--Christopher Riola; entomology--Rosemary Ehler, Curtis Wize, Wayne Elley, Larry Hauk, Claire Corley, Rosemary Riola, and Billy Fred McCutchen; family life--Vanessa Marak, Theresa Kostroun, and Cynthia Kostroun; foods and nutrition--Renee Sheguit, Rhonda Biar, Jocelyn Glaser, Gayle Becker, Rhonda Hodge, Shannon Tucker, Lisa Butts, Starla Rodenbeck, and Sara Jo Turner;

Home management--Barbara Winkler; horse--Cindy Vogelpohl; horticulture--Randall Becker; petroleum power--Peter Riola; photography--Johnny Marak, Jr. and Danna McDermott; poultry--Darrell Glaser, Charles Ehler, Patricia Johnson, Valeria Johnson, and Michael Henderson; safety--Beverly Biar and Leslie Sheguit; Santa Fe--Rebecca Riola Tomasick and Jimmy Kennitz; sheep--Janet Hall; swine--Lisa Rubac and Nathaniel Whitfield, and woodworking--Jerome Marak, James Marak, Craig Lee, Kelly Lee, Lance Lee, Ezra Johnson, Jr., and Ruthie Foster.

Renee Sheguit also received the Foley Award for having the outstanding 4-H foods and nutrition recordbook for 1976.

A TWO-SIDED COIN

YOU'RE PAYING MORE FOR ELECTRICITY. IT'S COSTING US MORE TO PRODUCE IT.

Texas Power & Light Company is concerned about both sides of the coin. You really need no reminders about your side. Electric bills are higher these days and the fact that the costs of almost everything are up doesn't reduce your concern about your cost of electricity. But, for just a moment, take a look at TP&L's side of the coin...the higher costs of producing and supplying electricity. From 1974 to 1975, the cost of the fuels necessary to operate generating plants increased more than 65%.

To counter the spiraling costs of natural gas and fuel oil, TP&L is building new plants which use lower-cost lignite coal

and nuclear materials. In 1975, the Company's construction costs totaled \$268 million... \$55 million more than in 1974.

Costs of operation and maintenance of generating plants, lines, trucks and other facilities and equipment have also risen drastically in recent years and are continuing to go up.

TP&L is working to keep the price of electricity as low as possible, but as the costs of producing it go up we have no choice but to ask our customers to pay a higher price. It's the only way we can maintain the adequate supply of power and the dependable service you expect.
